Sir

Adverting to the correspondence ending with Mr. Venkatavarada Iyengar's letter No. 238-Pol., dated the 23rd September 1905, I am directed to forward herewith a copy of a letter No. 194-W., dated the 21st March 1910, from the Commandant, 2nd Queen's Own Sappers and Miners, to the address of the Deputy Assistant Adjutant General, Troops, Bangalore, regarding the proposed temporary light railway line in Bangalore taluk, and to request that the Resident may be favoured at an early date with the views of the Durbar in the matter.

Letter No. 194-W dated the 21st March 1910, from the Commandant 2nd Queen's Own Sappers and Miners, Bangalore, to the Deputy Assistant Adjutant General, Troops, Bangalore.

- - - - - - - - -

Will you please obtain the sanction of the Mysore Durbar for me to lay temporarily a light military railway from the culvert under the Madras Railway near the Cemetery in sq.M. 10 of the 1" Circular Map of Bangalore in a northerly direction for about 3½ miles passing close to Byatguttepalya and Amanhalli. The line would pass over dry cultivation only and would be removed and the land restored to its original condition by the time it is wanted for ploughing, i.e., the end of May. It would be necessary to remove about 10 small casuarina trees in the tope close to the Madras Railway, for which compensation can be paid.

I may mention that sanction to lay the line under these conditions inside the Civil and Military Station has been obtained.

3. Though the Resident's letter refers to the previous correspondence ending with our letter of the 23rd Sept 05, there is nothing in its enclosure (the Commandant's letter) to indicate that the line now proposed to be constructed has anything to do with the line previously proposed. On the other hand, the line now proposed appears to be entirely different and it would be necessary to make fresh ~~local~~ inquiries through local officers, and obtain information, as on the previous occasion, before an opinion can be furnished to the Residency on the subject.

4. The Commandant mentions in his letter that the line "would be removed and the land restored to its original condition by the time it was wanted for ploughing i.e. the end of

5. The Dr Court may however be asked to make needful inquiries and submit a report as early as possible through the Res Court. A reply may also be sent to the Residency as to what is being done, so that they may ~~know not expect~~ know that the final reply must necessarily take some time.

at the end of March last,
The Commanding Officer's request) was for
permission to construct the line on the lands
and remove it by the end of May. The
Jodidars, whose statement is on record,
~~have~~ consented to the lands being used
for two months (April & May) on payment of the com-
pensation amount referred to, and this
was communicated to the Residency.
It can not therefore be that any such
general permission for any year &

is such an agreement expedient or desirable.
A. It appears necessary to insist on a req^n being
made for each occasion on which it is
proposed to construct the line. Further, the
period of five months appears to be too
long and there may happen to be crops
on the lands in Dec & Jan^y and the
owners may raise objections to the lands
being used in the manner described.

Letter No.194-W., dated the 21st March 1910, from the --- Commandant, 2nd Queen's Own Sappers and Miners, Bangalore, to the Deputy Assistant Adjutant General, Troops, Bangalore.

Will you please obtain the sanction of the Mysore Durbar for me to lay temporarily a light military railway from the -- culvert under the Madras Railway near the Cemetery in sq. M. 10 of the 1" Circular Map of Bangalore in a northerly direction for about 3½ miles passing close to Byatguttepalya and Amanhalli. The line would pass over dry cultivation only and --- would be removed and the land restored to its original condition by the time it is wanted for ploughing, i.e., the end of May. It would be necessary to remove about 10 small casuarina trees in the tope close to the Madras Railway, for which compensation can be paid.

I may mention that sanction to lay the line under these conditions inside the Civil and Military Station has been obtained.

Letter No.355-W., dated the 14th June 1910, from the Commandant, 2nd Queen's Own Sappers and Miners, Bangalore, to the Deputy Assistant Adjutant General, Troops, Bangalore.

With reference to your letter No.7078 of 10-6-1910, I would request that the Mysore Durbar may again be addressed on the subject of laying the Light Railway line on land to the north of the Madras and Southern Mahratta Railway.

2. The demand of Rs.50/- for each time that the line is laid over fields during the non-cultivated season appears excessive.

No harm is done to the land, as, before cultivation is again commenced, the earth moved would be replaced, and the -- fact of the ground having been dug up would undoubtedly improve it for cultivation.

No compensation is demanded by the owners of the -- fields within C. & M. Station limits for laying the line over their cultivated grouhd during the non-cultivation season.

3. With regard to the length of time during which the -- line might be laid each year, five months was mentioned as the usual time during which the ground is out of cultivation, but in no case would the line be laid over ground still carrying crops without compensation as demanded for the crops being paid.

4. I would ask therefore that sanction may be obtained to lay the Light Railway line over the country shewn in the -- plan forwarded with my letter No.232-W., of 16th April 1910 in any year, when there are no crops on the ground, either free -- or on paying a purely nominal compensation only.

SIR,

I am directed to acknowledge the receipt of Mr. Balasundaram Iyer's letter No.251-Pol., dated the 15th September 1910, on the subject of laying a temporary Light Railway through certain villages in the Bangalore Taluk.

2. In reply, I am to state that the Officer Commanding 2nd (Queen's Own) Sappers and Miners would prefer that condition (a) should read as follows:-

"The lime may be laid any year between January and May (both months included)".

Subject to this modification, the General Officer Commanding is prepared to accept the terms mentioned in the -- letter under reply and I am to express the hope that the Durbar may see their way to comply with the request

of

Sir,

With reference to your letter No.G.2782/G.M.249-09-6 dated 9th November 1910, communicating the conditions which the General Officer Commanding 2nd Queen's own Sappers and Miners, is prepared to accept in regard ~~to the~~ to the proposed construction of a temporary Light Railway through the Inam Village of Byataguttanapalya, Chulkere and Thammanahalli, and requesting that the boundaries of the village lands may be marked on the tracing sent therewith and the same returned to your office for transmission to the Residency, I have the honor to return the tracing with the boundaries of the villages through which the proposed alignment passes, marked thereon. From the said tracing it will be seen that the line passes through Byataguttapalya, -- Lingarajapura, Kacharkanahalli (of which Tammanahalli is only a Dakli village) Hennur and Chulkere. The Assistant Commissioner Bangalore Sub Division has been directed to communicate the condition accepted by the Commanding Officer to the Inamdars of the above villages and issue necessary instructions in the matter to the Amildar of Bangalore Taluk.

I have the honor to be,

Sir,

Your most obedient servant.

(1) the tracing shows the line to run only close to this village & not through it. [No. I think it passes through the village lands]

(2) & (3) This is the 1st time any mention is made of these two villages in our communn to the Residency. In fact clause (b) of the conditions communicated to the Dy Comr Bangalore (dl. 16) provides for the payment of the compensation of Rs. 6.8.0 to the forbidars of only Byatagutta palya, Nanjanahalli & Chikkere through the corresponding
